The Governor's Corner

Hope everyone is staying healthy. For those that may not know it, I have now completed my fourth term as Moose Family Center 1572 Governor. I want to take this time to thank the boards of officers we've had during those 4 terms. Also, thanks to all our members, LOOM and Chapter, without your support I could have never completed them. It has been both an honor and privilege to serve.

Among the last few things I want, is each of us to remember the Moose mission. Without new members our Lodge will just wither and die. Who among us wants to be remembered as the group that did not leave an ongoing legacy; AKA our Lodge. Let's not be the last Stevens Point Moose! I know that a lot of us have kicked in some cash during this coronavirus shut down, THANK YOU. Phase Two is still going. Also, thanks to all the people that have helped with getting things done at the Lodge during this shut down. Whether it be cooking, serving, cleaning, taking orders for curb-side service or maintenance, THANK YOU. Last but not least we all need to understand that our Lodge is a business.

When we have meals at the Lodge do your best to be there. When we have other things going on, please plan on being there. We can have a thousand members, but if we don't have funds to operate or help the community we would have to close the doors. Our volunteers and staff do it not for themselves but for all the membership. Show them that you support them by showing up. It all may make our Lodge successful for the next 100 years.

Well as many of you now know the vote is in and as of May 1st 2021 we are ONE MOOSE. I think this will be a great thing. As soon as they can, Ladies can serve on the board of officers. Will give them a chance to see what goes into the running of the Lodge. I hope there are some Ladies that are willing to step up to the challenge. Just go to Moose International's website and do the Lodge Officer training. It's also a good thing to do for anyone interested in how a Lodge works.

In closing I want to say how proud and honored I am to have served as your Governor. With each member stepping up we will have a bright future. God bless each one of you!

Past Governor; Steve Hodgkins : WE CAN ALWAYS USE YOUR HELP.

Thanks to Sue and her crew for such a great start for this continuing event! I'm excited to be taking over the fall Craft and Vendor event for the WOTM. I've lived in Stevens Point my whole life, and just within the past year have joined the WOTM. I've been selling Tastefully Simple for 7 years, and have been a vendor the past few years with this event. I also run my own event the first Saturday of December, and this last year, and hopefully from here on out will be holding it at the Moose Lodge to help raise money for the Lodge. I've grown up doing these, as my mom Betty Waltenberg has been doing crafts my whole life. I'm eager to be working with you and meeting you in the future to help make this event and future events for the Moose a success!! Any questions or willing to help please call me 715-213-4205.

Hello everyone -

The membership is declining over the whole country, in almost every club and organization. While I care about them all, I care about the organizations I belong to a little more. Remember, we have an obligation to sign members, help and give of our substance. We will be calling near renewals, currently due and past due members. We ask your patience, this is for **US**. To help **US**, the \$20 enrollment fee is waived for LOOM, WOTM and Moose Legion through Sept 30th, a great tool for new and former members. This is a great time for EACH of us to sign one person. Just think what that would mean to our Lodge or Chapter. It's always so much easier to just say someone else will do it, when if you as a member believe in what we do for the kids, seniors, Vets and our community, YOU should do it. So go ahead sign that one person, tell them what we do. You just might be surprised when they say SIGN ME UP. Keep our Lodge and Chapter going for another 100 years. The greatest thing we all can do, is when they come into the Lodge make them feel welcome. I am working on a new integrated entry reader, a call "shout out system and a more robust system for POS and intranet for the membership information distribution, please be patient. We will be having our preferred members party asap. Thanks for your sponsorships, please let's all work together Lodge Chapter & Legion!
